

Schloss Dagstuhl would like your feedback to (1) provide feedback to organizers and participants, (2) improve our organization, and (3) for reports to our funding agencies. We will send you an email with seminar-related results of this survey.

Feedback is shared only in aggregated form that cannot be used to identify the origin of a statement or grade—we *guarantee your anonymity!* However, answers from free-text questions marked with ► will be reported literally. If you rather not trust us, we would still be very much interested in your feedback and would be glad to receive an email from you at survey@dagstuhl.de where you describe your experience in your own words.

Some questions might not apply to this seminar or your personal situation. Please skip any question that does not apply. Otherwise, please check the most appropriate box. You can take this survey also online, even back at home:

<http://www.dagstuhl.de/immediate>

For questions and remarks regarding this survey, please don't hesitate to contact us. We appreciate your input!
